But it's more fun than "Age of Extinction," though both movies are so drunk on money and effects they accidentally go weird." Yoshida grudgingly praised the "visual and sonic imagination" shown by the filmmakers.[109] Alonso Duralde of TheWrap was also critical of the film's sloppiness, saying, "...fear not, fans of the franchise: if you're here for the director's trademark chaos editing (where fights go from points A to D to Q), comedy scenes rendered tragic (and vice versa), and general full-volume confusion, you'll get all those things in abundance." [110] Peter Bradshaw of The Guardian gave it 1 out of 5, complained about the long runtime, and suggested the film was "competing with Marvel movies for spectacle" but without the "wit and fun" [111] Christopher Orr of The Atlantic criticized the film for attempting to connect the Transformers to Stonehenge and World War II, and called it the worst retelling of Arthurian legend of the year, even worse than Guy Ritchie's King Arthur. Legend of the Seven Seas [112] Rebecca Farley of Refinery29 and Dana Schwartz of Marie Claire were critical of the underdeveloped female characters. Tony Hayes of the UK Veterans Association stated that surviving World War II ex-servicemen and women would be "appalled" [85] Churchill's grandson and British Parliament member Sir Nicholas Soames dismissed the controversy entirely, stating, "They've no idea what my grandfather would have thought!" [86] Churchill was buried less than a mile away, at St Martin's Church, Bladon. By August 2017, Akiva Goldsman revealed he was no longer leading the writers room, and had left the franchise. [128] [129] In February 2018, the film was removed from the studio's release schedule. [130] In March 2019, di Bonaventura announced that sequels to both the solo film and The Last Knight were in development. "One is the latest in the main family series following Transformers: The Last Knight and the other is a sequel to Bumblebee" [131] [132] The producer later said that the follow-up to The Last Knight would not be a direct-sequel. [133] In May 2020, Paramount scheduled a release date of June 24, 2022 for the next live-action Transformers film, [123] which was later revealed to be the sequel to Bumblebee, despite the possibility still remaining for a sequel to The Last Knight. [134] Notes ^ As depicted in the 2014 film Transformers: Age of Extinction. In December 2018, producer Lorenzo Di Bonaventura announced that there will be further films in the series following the release of Bumblebee, acknowledging that the franchise will make some changes in their tone and style after the success of Bumblebee. It is amazing how a series with so much nostalgic goodwill, technical finesse and behind the scenes talent have led so often to experiences that are so joyless." [115] Variety's Owen Gleiberman gave the film a mixed review stating, "The fifth time may not quite be the charm, but the latest entry in Michael Bay's crunched-metal robot-war mega-series is badder, and therefore better." [116] Richard Brody of The New Yorker acknowledged the film's flaws but noted there was almost something impressive about them, saying: "The absolute tastelessness of Bay's mixed review, their stultifying service to platitudes and to merchandise, doesn't at all diminish their wildly imaginative power." [117] Robbie Collin of The Telegraph wrote "If you're not staggered by the technique on display here - the stuff that sets Bay's work miles above the Fast & Furiouses, X-Men: Apocalypses and Tom Cruise-chasing Mummies of this world - you're not paying attention" and called it "a cinematic experience of earth-shattering preposterousness." [118] Justin Chang of the Los Angeles Times wrote: "Bay's visual sensibility has, if anything, matured, to the point of demanding and earning your exasperated surrender." [119] Joshua Rothkopf of Time Out New York gave it 3 out of 5, calling it "Clangorous and nonsensical" but "Regardless of our opinions, we all know what a Michael Bay film is. 1 June 2017.
