Henn Pokes appear at the questioning point while I'm doing the question same way that with this Kanto and Johto, the Nival code of Pokemons Wild does not work either. Do you have a reason for that or is it what I do not take it as it should? If not all other codes are very good, thank you. * # 10 Hello, how are you, I finished beating the board 4 and then we said that I finished with the game and it seems that I should recommend the Council4 Tronci 22F6443 A3788948 31.
